

F05204

READER PROX. DESKTOP AC-MAX KEY3-USB

DESCRIPTION

- USB desktop reader for registering 13.56MHz MIFARE cards in the AC-MAX system.
- It can be used as an administrator reader to enter new card numbers in the access control application.
- It includes a cable with a magnetic desktop support so it can be connected directly to the PC or through said support.
- Once connected to the PC, the driver installation will start automatically. It does not require dedicated drivers.

TECHNICAL SPECIFICATIONS

INSTALLATION	
Mounting	Desktoop
ENVIRONMENTAL	
Operating temperature (°C)	[5,45]
Non-condensing humidity (%)	[0,95]
MECHANICAL	
Product dimensions (height x width x depth) (mm)	88 x 30 x 12
Product Color	Dark Grey
ELECTRICAL	
Minimum consumption (W)	0.96
Maximum power consumption (W)	0.96
GENERAL ACCESS CONTROL FEATURES	
Integrated/external controller	No
ADDITIONAL DETAILS	
Weight (kg)	0.1509
Packaging measurements (height x width x depth) cm	3,7x12,3x12,2

EAN	8424299052045
