

F07438

SKYLINE MEMOKEY W

DESCRIPTION

- Access control module, to be fitted in electronic audio/video entry panels.
- Telephone type keypad that lets you open the door when a previously programmed 6 digit code is entered.
- New Cityline Panel:
- CityLine is the "continuous profile" outdoor panel line.
- This new panel model is more robust, more luxurious and higher design and functional quality.
- Colour aluminium
- Stand-alone Access Control System. For installations where a simple access control is required, with no incidents record, to complement the audio/video door entry system and enable access to the building for residents, for example: offices, small businesses, garages.
