F04642

MARINE ST2 FLUSH BOX

DESCRIPTION

- In order to install a panel it is necessary to place a box in the wall where we will subsequently fix the panel.
- The flushboxes are made of metal.
- When different panels, always of the same series, are combined, it is necessary to use a set of joining bolts for a perfect fitting. A set of joining bolts is needed for each additional panel that is installed between every flushbox.
- Available in all the series. Select the box of the necessary series depending on each case.
