Description.

Description

Fermax presents the new VEO-XS WIFI DUOX PLUS kit for single-family homes, offices and businesses.

The kit includes all the necessary materials for installation:

- REF. 73892 CITY DESFIRE PLATE DUOX PLUS 1L (size S4)
- REF. 8949 CITY KIT S4 FLUSH-MOUNTED BOX
- REF. 9449 VEO-XS WIFI MONITOR 4.3" DUOX PLUS
- REF. 9447 DUOX PLUS CONNECTOR
- REF. 4826 POWER SUPPLY+FILTER DIN6 24VDC-1.5A
- REF. 4802 DIN4 230VAC/12VAC-1A POWER SUPPLY
- 1x REF. 4532 PROXIMITY KEYSRING DESFIRE EV3
- 1x REF. 4531 PROXIMITY CARD DESFIRE EV3

In addition, they work with DUOX PLUS, a completely digital intercom and video intercom system and technology on two non-polarized wires, which simplifies installation while maintaining the highest quality in the product and design,

They include the VEO-XS WIFI DUOX PLUS monitor as standard, equipped with Wi-Fi connection that allows calls to be forwarded to mobile devices.

Thanks to the **Fermax DuoxMe app**, available free on the Play Store and App Store, the video intercom functions can be managed directly from a mobile phone or tablet, allowing you to connect to your home wherever you are. By connecting your DUOX PLUS WiFi

monitors to the DuoxMe app, a whole range of possibilities will open up. Of these, we highlight two key ones: diverting video intercom calls to your mobile phone and opening your front door remotely.

They also include the **Photocaller function as standard**, which automatically captures an image of the caller. If the user chooses to activate this feature, the monitor stores up to 150 images, indicating the date and time they were taken. When the maximum capacity is reached, taking a new photo will delete the first stored image. The screen always indicates if there are any unviewed photos or if the date/time has not been set.

The **VEO-XS WIFI DUOX PLUS hands-free monitor** features a compact, extra-flat size and thickness. Thanks to its OSD menu and push-button layout, user interaction is simple and intuitive.

It is made of high-impact ABS plastic.

Includes a 4.3" (16:9) widescreen color display.

Its balanced design of pure lines is distinctive, modern and minimalist.

The outdoor panel includes the **DESFIRE proximity module** by Fermax. This technology protects identifiers (cards and key fobs) from cloning or copying.

This **ensures secure access to the home**, preventing unauthorized entry.

DUOX PLUS is the new digital technology that exceeds all expectations. Because it makes the difficult easy.

Technical Details

LED lighting consumption: 3.5 mA per card holder.
